Headlining the Primrose family in the 2nd Annual Prospect Hill Farm Production Sale, Primrose 416 is a direct daughter of the \$100,000 Ratcliff Ranches in Oklahoma donor, Primrose E64 sired by Precision E161.

Primrose 535, a full sister to Primrose 416 was the \$30,000 top-selling female of the 2006 Murcielago Farms Sale selling to Morgan Angus in Georgia.

Primrose 416 is one of the foundation members of the Prospect Hill donor program and has been a prolific embryo producer and will anchor the Primrose family August 25th due 9/1/07 to Predestined and will have progeny by Predestined, Rito 4L60 and Jauer 589. Primrose 416 will be joined by pregnancies from the newest member of the Primrose family at Prospect Hill, Primrose 261.

Primrose 261, full sister shown above Primrose 261, the newest addition to the Prospect Hill embryo program is a full sister to this \$90,000 valued highlight of the joint embryo programs of Pine Ridge Angus in Georgia and Shoulderbone Plantation in Georgia. Pregnancies from Primrose 261 will join Primrose 416 pictured above in headlining the Primrose family in the 2nd Annual Prospect Hill Farm Production Sale, August 25th.
